

GYFCPA Information

Our GYFCPA parent association is very active in our children's football and cheerleading season. We provide many things for our boys and girls. We need a lot of parent participation to make our association successful. Please read the following for this season's parent obligations. Fulfilling your obligation ensures that your child will receive their end-of-the-year gift and admission to the banquet.

Concessions: We need many volunteers to assist with working at the concession stand throughout the season. There is also a buyout option with this and will release your duty of volunteering.

There is a concession fee with entry, it is \$20 per child, and \$35 if you have multiple children enrolled in Cheer/Football.

Fundraiser: Each year, the GYFCPA has a fundraiser to help support our program. The funds received from our fundraiser go towards costs such as use of fields, camp shirts, gifts, end-of-season banquet, equipment/uniforms, annual bonfire, and more.

The fundraiser requires a post-dated check or cash. Your check will not be cashed until end of sale date or returned when monies are given in exchange. There is ALSO a buyout option with our fundraiser.

If you need assistance in fulfilling any of the obligations, please see one of our parent association officers and we'd be more than happy to help!
