Important Guidelines:

- Never force a child on the ice. Allow them to walk around on the rubber floor to get used to the feel of the ice skates. Remember everyone has an “off” day.
- All participants must wear a helmet. Light clothing, easy to move in and gloves are necessary also. Bulky coats and snow pants are not needed.
- Once your child is on the ice with our instructors, **please watch them from the bleachers**. When parents stand at the gate door to watch, the child does not pay attention to the instructors. Walkers are used only if needed. Children will not learn to balance and stride with a walker.
- Only coaches, employees and participants are allowed on the ice surface. **Do not ever walk on the ice surface to get your child.**
- 30 minutes is a long time for a young child to stay on the ice. Expect them to take a break for the bathroom or to talk to you. Encourage them to return to the ice after their break. Attention spans are short for this age!
- If there is a behavior problem the child will be removed from the ice and taken to the parent in the hopes that the parent can explain and enforce the proper behavior.
- These are group lessons and not private one-on-one lessons
